## “World Federation of the Deaf (WFD) Impacts on International Deaf Communities”

As a deaf person who has used Australian Sign Language (Auslan) since birth, Colin has advanced the human rights of deaf people and more broadly people with disability for over 40 years in the political, professional and social realms. Colin is a world leader in Deaf community development and has served as President of the World Federation of the Deaf (WFD) since July 2011. This presentation will offer insights into the WFD’s critical work towards achieving equality for deaf people around the world.
