

DEAF ARTIST OF THE MONTH

Yvonne Tardif

As a young girl growing up in Holland, Yvonne's passion for art started at a very young age. This passion was put on hold when Yvonne was enrolled into school for the Deaf. It wasn't until she was nineteen that she could resume the hobby she loved, at which time she started taking various art courses in Holland. Since Yvonne's move to Canada in 1983, she has continued to learn and grow as an artist. Although she hopes you love her work, no one loves it more than she does.....
